GENERAL INSTRUCTIONS

This Ford Parts and Accessories Catalog contains parts information for the Ford passenger car line including Thunderbird, and is to be used in conjunction with "Illustration" Catalog, Form FD-9463.

Following are the model years for which parts information is provided in this catalog:

Chassis Parts	1949 thru 1959
Body Parts	1953 thru 1959
Soft Trim Parts	1956 thru 1959

The driver's side is the left hand side of the vehicle and should govern in determining such parts as fenders, lamps, etc. as to whether a part is right or left hand.

CATALOG MODEL CODES

Codes shown in the "Text" Catalog under heading "Model" are to be interpreted as follows:

A	Passenger Car	F/M/2	FORDOMATIC 2 SPEED TRANSMISSION	S/C	Supercharger
A/C	Air Conditioner	M/L	Mainline	S/D	*Sedan Delivery
A/S	Air Suspension	O/D	Overdrive	S/L	Sunliner
C/L	Customline	P/I	Police Interceptor	S/T	Standard Transmission
C/M	Cruise-O-Matic	P/L	Parklane	S/W	*Station Wagon
F/L	Fairlane	P/S	Power Steering		
F/M	FORDOMATIC TRANSMISSION	S	Thunderbird		

- ♣ Includes parts common to Station Wagon, Sedan Delivery, Ranchero, Police Interceptor when applicable.
- * Models S/D and S/W when shown separately apply to parts peculiar to Sedan Delivery and Station Wagons.

MODEL YEARS

Model year application is indicated by showing the first year followed by a diagonal line to imply continued usage in all subsequent years until the insertion of the last year of usage, which will then be inserted after the diagonal line. If no diagonal line is shown the illustration is applicable only to the year shown.

Example:	49	indicates part used 1949 model year only.
	49/59	indicates part used 1949 through 1959 model years.
	55/	indicates part used 1955 through 1959 and subsequent model years as indicated in the appropriate catalog for 1959 and up.

SECTION, GROUP and BASIC NUMBERS

For greater convenience this catalog is divided into sections to conform with the Master Parts Catalogs.

Section Numbers are related to group numbers as follows:

SECTION NUMBER	GROUP NUMBER SERIES	PART NAME
10	1000 - 1999	Wheel Parts
20	2000 - 2999	Brake Parts

The "Illustration" Catalog is divided into sections also and like parts are shown under similar numbers in both the "Text" and "Illustrations" catalogs.

Illustrations contain basic group numbers only; therefore, it is necessary to refer to the basic group within the "Text" Catalog listing for complete applicable part number.

Some basic numbers include an alphabetical character in addition to the numerical digits shown in the charts on Page VI. In this catalog basic numbers expanded by an alphabetical character follow the numerical basic numbers from which they are expanded and are listed in the manner shown below:

2150	Bolt - Front Brake Line Connection
2A150	Bushing - Power Brake Booster Lever

Refer to Pages VI thru IX for more information on Ford group and basic part numbers.

NOMENCLATURE INDEX

A nomenclature index appears at the beginning of each major Chassis group listed in the Quick Reference Index shown on the cover and Page I. The Body nomenclature index is shown on pages 675 thru 694 in the beginning of the body area of the catalog.

BASIC BODY PARTS NUMBERING SYSTEM

FOLLOWING IS A DIAGRAM OF THE BASIC BODY PARTS NUMBERING SYSTEM

- These five digits comprise the Body Group Numbers as used through each body parts section.

A complete group index of body parts has been included on pages 675 through 694. The index is divided into areas of the car in alphabetical sequence; such as front, back, quarter, roof, doors, etc.

SOFT TRIM

Four sections are devoted to Soft Trim Parts, namely 1956 thru 1959. Each includes only those items which were available for service at the time of printing. To determine the complete part number of a required trim part, it is necessary to have the "Trim Scheme Code" which appears on the patent plate of the vehicle (refer to Pages XIII, XIV and XV). Soft Trim replacement parts are listed on pages 875 thru 908.

BODY TYPE CODES

Most body parts are identified with Body Type Codes. A complete listing of the codes and the body types which they represent is shown on Page XII. Body types which are similar are identified by the same code number; alphabetical suffixes are used to identify a particular body type. For instance, in 1959 Code 58 was used as follows:

BODY TYPE CODE	BODY TYPE
58A	Fairlane Town Sedan
58B	Fairlane "500" Town Sedan
58E	Custom "300" Fordor Sedan

The body type numbers only are shown on those illustrations which are applicable to all body types of a related group. For instance, Body Type Code 58 includes 58A, 58B and 58E.

CATALOG FORMAT

The format is specifically arranged to coincide with the normal procedure for selecting part numbers.

- Column:
1. Model year
 2. Type of vehicle or equipment within a specific model year
 3. Description, size, etc.
 4. Number required per vehicle
 5. Complete part number

STANDARD and UTILITY HARDWARE

Standard and utility hardware, such as bolts, screws, fittings, etc. are listed below the part with which they are used. To facilitate the stocking and handling of Standard and Utility Parts by Ford dealers, locator codes are preassigned by Ford Motor Company. The locator codes are shown in parentheses immediately following or below the standard and utility part numbers.

For an example, refer to Body Section 030, Group 03086. The part number for a No. 8 x 1" cross recess oval head screw is 52344-S13 and the locator code is U292. In the catalog this item will be shown as 52344-S13(U292).

FORD CAR PARTS

EXPLANATION OF SYMBOL ★

★ Symbol indicates part is not supplied for service due to the following:

- A. Part is superseded and replaced as indicated in the description column of the text.
- B. Part can be improvised as indicated in the description column of text.
- C. Due to its function there would be little or no demand.

Always refer to the description column of the text for possible substitution, or for material specifications and dimension which may be helpful in obtaining the non-serviced part locally.

HOW TO ORDER PARTS

When ordering parts, always give the complete part number.

In the event the part number is not known, the following information should be included.

- A. Complete description of part.
- B. Model year and body type.
- C. Dimension, number of teeth, size, etc.; if possible rough sketch of part.
- D. If applicable to engine, transmission, axle, steering, etc.; specify type; such as 312 cubic inch, Fordomatic, Power Steering, etc.
- E. Advise how shipment is to be made - Freight, Express, Air, Parcel Post.

PROCEDURE FOR USING CATALOG

Following is a recommended procedure for using this catalog:

Should an inquiry be received for a grease baffle for the brakes of a 1955 passenger model vehicle, use the following steps.

- A. Refer to the section and page designated in the Quick Reference Index on the cover for "Brakes".
- B. On the designated page (7) will be an index.
- C. Refer to the alphabetical nomenclature under heading "Brake System"; find name Baffle (Front Grease). The group number will be shown as 2060.
- D. Refer to Group 2060 and locate the year 1955 in the column head "Year". Refer then to column headed "Model" for "A" which indicated passenger car. The part number will be shown as AD 2060-C.

In the event the proper nomenclature is in doubt, an alternate method of locating basic part number would be as follows:

- A. Refer to the section and page designated in the Quick Reference Index of the Illustration Catalog for "Brakes".
 - B. On the designated Page 28 is an index of various Front and Rear Brakes.
 - C. Locate the front and rear brakes applicable to 1955 which is on Page 41 of the Illustration Catalog.
 - D. Refer to illustration on Page 41 and identify the proper part which will show the group number as 2060.
 - E. Refer to Group 2060 of this catalog and locate the year 1955 in the column headed "Year". Refer then to column headed "Model" for "A" which indicates passenger car. The part number will be shown as AD 2060-C.
-

FORD GROUP AND BASIC PART NUMBERS

Ford group and basic part numbers are grouped according to their function; for example, all parts applying to the rear axle are grouped from 4000 to 4296, transmission and clutch from 6905 to 7997, etc.

Following is an index and section number of the various groups--

GROUP AND BASIC PART NO. SERIES	GROUP NAME	SECTION	GROUP AND BASIC PART NO. SERIES	GROUP NAME	SECTION
1000-1250	Wheels, hubs and drums	10	11000-11382	Starter motor	110
1350-1499	Spare wheel carrier	10	11450-11688	Lighting & ignition switch	110
2001-2285	Brakes (service)	20, 22	12000-12390	Ignition coil, distributor, condenser	120
2307-2438	Brakes (power)	23	12402-12425	Spark plug	120

IMPORTANT: AS EACH INDIVIDUAL EXPANSION SERIES BECOMES EXHAUSTED OF NUMBERS, ANOTHER SERIES WILL BE ESTABLISHED BY USE OF THE NEXT ALPHABETICAL EXPANSION LETTER SUCH AS "B" THRU "Z".

TYPICAL PATENT PLATE - thru

The Patent Plate is located on the left front body pillar on all passenger and Thunderbird models.

The following diagram of the Patent Plate specifies, in the Serial Number: the Engine Type, Model Year, Plant which assembled the car, Body Style and numerical sequence of assembly.

Indicated in the body specifications are the Body Type, Exterior Paint Color, Trim Scheme, Production Date, Transmission Type and Rear Axle Ratio.

IMPORTANT Always furnish appropriate Patent Plate information and DSO number if applicable when ordering parts not listed in the Catalog.

PATENT PLATE DIAGRAM

Serial Number (D7FV109300)

"D" -- 8 cyl. OHV Engine -- 312 cu. in. disp. -- 4-venturi carb.

"7" -- 1957 Model

"F" -- Assembled at Dearborn Plant

"V" -- Victoria body style -- Fairlane or Fairlane "500"

"109300" -- Nine thousand, three hundredth car assembled.

ABBREVIATIONS

2/b or 2/v..... 2 barrel
 3/T..... 3 speed trans.
 4/b or 4/v..... 4 barrel
 4/T or 4/S/T..... 4 speed trans.
 6/b or 6/V..... 6 barrel
 abs..... absorber
 A/C..... air conditioner
 altnr..... alternating
 accel..... accelerator
 adj..... adjustment
 alum..... aluminum
 amp..... ampere
 approx..... approximately
 AR..... As Required
 assy..... assembly
 A/S..... air suspension
 attach..... attached

blk..... block
 brg..... bearing
 brkt..... bracket
 brkr..... breaker
 bus..... business

carb..... carburetor
 C/CW..... counter clockwise
 C. I. D..... cubic inch displacement
 C/L..... Customline
 C/M..... cruise-o-matic
 C. P..... candle power
 clstr..... cluster
 c/member..... crossmember
 col..... column
 com..... compressor
 compt..... compartment
 cond..... conditioning
 conn..... connecting
 con..... control
 cvr..... cover
 cov..... cover
 cp..... candle power
 c/pin..... cotter pin
 c/shaft..... crankshaft
 ctr..... center
 C/W..... clockwise
 cyl..... cylinder

def..... defroster
 defl..... deflector
 dia..... diameter
 diam..... diameter
 diff..... differential
 disp..... displacement
 dist..... distributor

elec..... electric
 eng..... engine
 equal..... equalizer

exh..... exhaust
 ext..... external

fdr..... fender
 fill..... fillister
 frt..... front
 F/L..... Fairlane
 flr..... floor
 F/M..... Fordomatic
 F/M/2..... Fordomatic 2 speed
 ft..... foot
 f/wheel..... flywheel
 flex..... flexible

gen..... generator
 gov..... governor

H/D..... heavy duty
 hd..... head
 hex..... hexagon
 HP..... horsepower
 htr..... heater
 hsg..... housing
 hyd..... hydraulic

I. D..... inside diameter
 identi..... identification
 indic..... indicator
 int..... internal
 ign..... ignition
 instru..... instrument
 inter..... intermediate

lb..... pound
 L. H..... left hand
 lt./frame..... light weight frame
 lub..... lubricator
 l/w..... lockwasher
 l/washer..... lockwasher
 lwr..... lower

man..... manifold
 med..... medium
 M/L..... Mainline
 mldg..... moulding
 mtd..... mounted
 mtg..... mounting
 mtr..... motor

No..... number

o/all..... overall
 O. D..... outside diameter
 O/D..... overdrive
 o/drive..... overdrive
 O. H. V..... over head valve
 o/s..... oversize
 oz..... ounce

pa.....
 pc.....
 P/L..... Police intercom
 P/L..... Park
 press..... pressure
 P/S..... power steering
 pt..... pint

qtr..... quarter
 qty..... quantity

rad..... radiator
 rd..... round
 reg..... regulator
 reinf..... reinforcement
 repl..... replaced
 ret..... retainer

R. H..... right hand
 R. P. M..... revolutions per minute

S/C..... Supercharger
 S/D..... Sedan Delivery
 S/L..... Sunliner

speedo..... speedometer
 sprg..... spring
 s/ring..... snap ring
 std..... standard
 strg..... steering

S/T..... standard transmission
 suppt..... support
 susp..... suspension
 S/W..... Station Wagon

tach..... tachometer
 temp..... temperature
 thd..... thread
 trans..... transmission
 T. V..... throttle valve

u/joint..... universal joint
 u/s..... undersize

vac..... vacuum
 vent..... ventilation

w/..... with
 w/o..... without
 w/s..... windshield

w/shield..... windshield
 w/strip..... weather strip
 warn..... warning
 wt..... weight

x/c..... extra cooling

GENERAL INSTRUCTIONS

This Ford Parts and Accessories Catalog contains parts illustrations for the Ford passenger car line including Thunderbird, and is to be used in conjunction with "Text" Catalog, Form FD-9462.

Following are the model years for which illustrations are provided in this catalog:

Chassis Parts	1949 through 1959
Body Parts	1953 through 1959
Soft Trim Parts	1956 through 1959

The driver's side is the left hand side of the vehicle and should govern in determining such parts as fenders, lamps, etc. as to whether a part is right or left hand.

FORD CAR PARTS

MODEL YEARS

Model year application is indicated by showing the first year followed by a diagonal line to imply continued usage in all subsequent years until the insertion of the last year of usage, which will then be inserted after the diagonal line. If no diagonal line is shown the illustration is applicable only to the year shown.

Example: 49 indicates part used 1949 model year only.
49/59 indicates part used 1949 through 1959 model years.
55/ indicates part used 1955 through 1959 and subsequent model years as indicated in the appropriate catalog for 1960 and up.

SECTION, GROUP and BASIC NUMBERS

For greater convenience this catalog is divided into sections to conform with the Master Parts Catalogs.

Section Numbers are related to group numbers as follows:

SECTION NUMBER	GROUP NUMBER SERIES	PART NAME
10	1000 - 1999	Wheel Parts
20	2000 - 2999	Brake Parts

Refer to Pages VI and VII for more information on Ford group and basic part numbers.

The "Text" Catalog is divided into sections also and like parts are shown under similar section numbers in both the "Text" and "Illustrations" catalogs.

Illustrations contain basic group numbers only, therefore, it is necessary to refer to the basic group within the "Text" Catalog listing for complete applicable part number.

Some basic numbers include an alphabetical character in addition to the numerical digits shown in the charts on page VI. In the "Text" Catalog basic numbers expanded by an alphabetical character follow the numerical basic numbers from which they are expanded and are listed in the manner shown below:

2047 Nut - Brake Adjusting Screw
2A047 Hose - Power Brake Booster Reservoir to Manifold

PROCEDURE FOR USING CATALOG

Following is a recommended procedure for using this catalog:

Should an inquiry be received for a grease baffle for the brakes of a 1955 passenger model vehicle, use the following steps.

- A. Refer to the section and page designated on the cover or in the General Index on Page VII for "Brakes".
- B. On the designated page (28) is an index of various brake types and systems.
- C. Refer to the "Front and Rear Brakes" and locate the 1955 brake as applicable.
- D. Refer to illustration on Page 41 and identify the proper part which will show the group number as 2060.
- E. Refer to Group 2060 in the "Text" Catalog, Form FD-9462, and locate the year 1955 in the column headed "Year". Refer then to column headed "Model" for "A" which indicates passenger car. The part number will be shown as AD 2060-C.

BODY TYPE CODES

Various body illustrations are identified with Body Type Codes. A complete listing of the codes and the body types which they represent is shown on Page X. Body types which are similar are identified by the same code number; alphabetical suffixes are used to identify a particular body type. For instance, in 1959 Code 58 was used as follows:

BODY TYPE CODE	BODY TYPE
58A	Fairlane Town Sedan
58B	Fairlane "500" Town Sedan
58E	Custom "300" Fordor Sedan

The body type numbers only are shown on those illustrations which are applicable to all body types of a related group. For instance, Body Type Code 58 includes 58A, 58B and 58E.

CATALOG MODEL CODES

Codes shown in the "Text" Catalog under heading "Model" are to be interpreted as follows:

A	Passenger Car	F/M/2	FORDOMATIC 2 SPEED TRANSMISSION	S/C	Supercharger
A/C	Air Conditioner	M/L	Mainline	S/D	*Sedan Delivery
A/S	Air Suspension	O/D	Overdrive	S/L	Sunliner
C/L	Customline	P/I	Police Interceptor	S/T	Standard Transmission
C/M	Cruise-O-Matic	P/L	Parklane	S/W	*Station Wagon
F/L	Fairlane	P/S	Power Steering		
F/M	FORDOMATIC TRANSMISSION	S	Thunderbird		

☪ Includes parts common to Station Wagon, Sedan Delivery, Ranchero, Police Interceptor when applicable.

* Models S/D and S/W when shown separately apply to parts peculiar to Sedan Delivery and Station Wagons.

CARBURETOR CATALOG SYMBOLS

Some illustrations in Section 95 are identified with carburetor catalog symbols. The carburetor catalog symbols are identical with the carburetor parts list numbers shown in the Carburetor Identification Chart in Section 95 of the "Text" Catalog, Form FD-9462, and apply to the same carburetors.

EXPLANATION OF SYMBOL ★

- ★ Symbol indicates part is not supplied for service due to the following:
 - a. Due to its function there would be little or no demand.
 - b. Part can be improvised as indicated in the description column of "Text" Catalog.

HOW TO ORDER PARTS

When ordering parts, always give the complete part number. In the event the part number is not known, the following information should be included.

- A. Complete description of part.
- B. Model year and body type.
- C. Dimension, number of teeth, size, etc.; if possible rough sketch of part.
- D. If applicable to engine, transmission, axle, steering, etc.; specify type; such as 312 cubic inch, Fordomatic, Power Steering, etc.
- E. Advise how shipment is to be made - Freight, Express, Air, Parcel Post.

FORD GROUP AND BASIC PART NUM

Ford group and basic part numbers are grouped according to their function; for example, all parts applying to the rear axle are grouped from 4000 to 4296, transmission and clutch from 6905 to 7997, etc.

Following is an index and section number of the various groups--

GROUP AND BASIC PART NO. SERIES	GROUP NAME	SECTION	GROUP AND BASIC PART NO. SERIES	GROUP NAME	SECTION
1000-1250	Wheels, hubs and drums	10	11000-11382	Starter motor	110
1350-1499	Spare wheel carrier	10	11450-11688	Lighting & ignition switch	110
2001-2285	Brakes (service)	20, 22	12000-12390	Ignition coil, distributor, condenser	120
2307-2438	Brakes (power)	23	12402-12425	Spark plug	120
2442-2482	Brake controls	24	13002-13248	Lamps (head and parking)	130
2505-2900	Brakes (parking)	24	13402-13796	Lamps (rear)	134, 137
3000-3359	Front suspension and steering linkage	30	13809-13853	Lamps (license and pillar) & horn	137
3500-3764	Steering gear	35, 36	14197-14689	Wiring	140, 145
4000-4296	Rear axle	40	15000-15858	Miscellaneous accessories	150
4600-4859	Drive shaft	46	16000-16550	Front fender	160
5000-5176	Frame	50	16600-16999	Hood	166
5200-5299	Muffler & exhaust pipe	52	17005-17125	Tools	170
5300-5499	Front spring & stabilizer	53	17248-17383	Speedometer & tachometer	170, 172
5550-5832	Rear spring	53	17402-17666	Windshield wiper & washer	172, 175, 176
6000-6898	Engine	60, 61, 62, 63, 65, 66	17700-17730	Mirror	176
6905-6968	Transmission overdrive & engine steady rest	69, 70	17736-17999	Bumper	176
7000-7997	Transmission and clutch	70, 71, 72, 73, 75, 76	18000-18125	Shock absorber	180
7000-7997	Automatic Transmission	A70, A71, A72, A73, A75, A76	18148-18994	Miscellaneous accessories	180, 182, 184
8000-8499	Radiator and grille	80	19500-19585	Appearance and maintenance materials	Paint
8500-8689	Water pump and fan	85	19600-19980	Air conditioner	190
9002-9296	Fuel tank & supercharger	90	4000000 & Up	Body Parts	
9301-9420	Fuel pump	93, 94	BODY SECTION		
9421-9499	Manifolds, clamps, etc.	94		Body front	000
9500-9599	Carburetor & supercharger	95, 95A, 95B		Windshield	030
9600-9699	Air cleaner	96		Instrument panel	042
9700-9999	Accelerator & choke control rods	97		Floor	100
10000-10449	Generator & Alternator	100		Front door	200, 210, 220, 230
10500-10653	Voltage regulator	100, 106		Rear door	240, 260
10654-10756	Battery	106		Quarter	270, 280, 290, 295, 300
10838-10990	Instruments	106		Back window and luggage compartment	400, 420, 430, 440
				Roof, folding top	500, 510, 520, 530
				Seats	600, 610, 620

TYPICAL PATENT PLATE - thru

The Patent Plate is located on the left front body pillar on all passenger and Thunderbird models.

The following diagram of the Patent Plate specifies, in the Serial Number: the Engine Type, Model Year, Plant which assembled the car, Body Style and numerical sequence of assembly.

Indicated in the body specifications are the Body Type, Exterior Paint Color, Trim Scheme, Production Date, Transmission Type and Rear Axle Ratio.

IMPORTANT Always furnish appropriate Patent Plate information and DSO number if applicable when ordering parts not listed in the Catalog.

PATENT PLATE DIAGRAM
